This matter was opened to the New Jersey State Board of Medical Examiners upon receipt of information which the Board has reviewed and on which the following findings of fact and conclusions of law are made:

FINDINGS OF FACT

1. Respondent, Eun Ho Sheen, M.D., is a physician in the State of New Jersey and has been a licensee at all times relevant hereto.

2. On or about September 1996, Respondent consented to the entry of an order suspending for six months her license to practice medicine in New York State. The suspension was stayed.

3. Respondent admitted to one count of professional medical misconduct for failing to maintain a complete and accurate medical record of her care and evaluation of one patient.

### CONCLUSIONS OF LAW

1. The suspension of Respondent's license to practice medicine in New York provides grounds for the suspension of her license to practice medicine in New Jersey pursuant to N.J.S.A. 45:1-21 (e) and (g).

### DISCUSSION

Based on the foregoing findings and conclusions, a Provisional Order of Discipline suspending and staying such suspension of Respondent's license to practice medicine and surgery in the State of New Jersey was entered on March 9, 2003 and a copy was forwarded to Respondent at the last known address on file with the Board. The Provisional Order was subject to finalization by the Board at 5:00 p.m. on the 30<sup>th</sup> business day following entry unless Respondent requested a modification or dismissal of the stated Findings of Fact or Conclusions of Law by submitting a written request for modification or dismissal setting forth in writing any and all reasons why said findings and conclusions should be modified or dismissed and submitting any and all documents or other written evidence supporting Respondent's request for consideration and reasons therefor.

Although the record reflects that the Provisional Order was served upon Respondent, no response was received through April 9, 2003. Accordingly, the Board considered the matter, determined

that further proceedings were not necessary and the Provisional Order should be made final.

No Final Order of Discipline was previously entered after the Board approved the finalization of the Provisional Order in May, 2003. As Respondent has represented she did not practice medicine in New Jersey since prior to the filing of the Provisional Order until January 2004, the terms of the Provisional Order as to a stayed suspension have been satisfied.

ACCORDINGLY, IT IS on this 26TH day of APRIL, 2005,  
NUNC PRO TUNC May 21, 2003, ORDERED that:

1. Respondent's license to practice medicine and surgery in the State of New Jersey be and hereby is suspended for six months, said suspension is entirely stayed, and considered completely satisfied as of November 20, 2003.
